SUBJECT: **MANITOBA AGRI-FOOD EXPORTS, TO THE UNITED STATES, 1991 - 2001**

- Total Manitoba agri-food exports to the United States increased by 15.1 percent from $$1,283.9 million in 2000 to $1,477.5 million in 2001. More than half of all Manitoba's agri-food exports, by value, went to the United States.
- Manitoba exported more processed food products in 2001 than ever before. Processed and semi-processed food exports amounting to almost 31 percent and 52 percent of total agri-food exports respectively.
- Manitoba's exports of wheat rose by 15.0 percent to $57.0 million in 2001, while barley exports increased by 13.6 percent to $9.2 million. Oat exports increased from $83.0 million in 2000 to $93.5 million in 2001.
- The value of canola seed exports, at $18.4 million in 2001, decreased by 3.1 percent from 2000, while flaxseed exports decreased by 44.6 percent to $6.3 million. Due to a smaller canola crop and decreased crushing activity in 2001, exports of canola oil decreased by 7.2 percent to $82.1 million while canola meal/cake fell by 9.3 percent to $24.7 million.
- Higher prices for cattle and increased cattle shipments raised the value of cattle exports in 2001 by 36.9 percent to a record $257.7 million.
- The value of hog exports increased by 19.4 percent to a new record of $247.5 million in 2001. Pork exports, also at a new record of $254.9 million in 2001, were up by 10.3 percent from the previous record in 2000. Pork exports in 2001 were 20 times the level in 1991.
- About $655.9 million of U.S. agri-food products were imported directly through Manitoba ports of entry in 2001, an increase of 8.8 percent from a year earlier.
